INDEPENDENT AUDITORS REPORT

The Members of the
West Feliciana Parish School Board
St. Francisville, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the West Feliciana Parish School Board (the School Board) as of and for the year ended June 30, 2005, which collectively comprise the School Board's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board, as of June 30, 2005, and the respective changes in financial positions thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information on pages 2 through 8 and pages 35 through 37 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion to it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the School Board's basic financial statements. The accompanying other supplementary information on pages 38 through 49 are presented for purposes of additional analysis and are not a required part of the basic financial statements. This supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, are fairly presented in all material respects in relation to the basic financial statements taken as a whole. The information included in the performance and statistical data on pages 56 through 70 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2005 on our consideration of the West Feliciana Parish School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The statement of net assets as of June 30, 2004 is shown on page 1 for comparative purposes. This statement was included as part of the School Board's June 30, 2004 basic financial statements which were audited by us and upon which we issued our unqualified opinion in our report dated December 13, 2004.

WEST FELICIANA PARISH SCHOOL BOARD
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2005

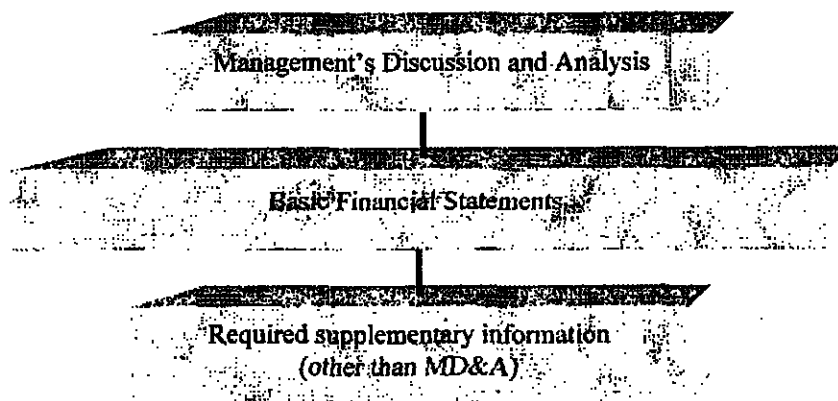

The Management's Discussion and Analysis of the West Feliciana Parish School Board's financial performance presents a narrative overview and analysis of West Feliciana Parish School Board's financial activities for the year ended June 30, 2005. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information (where available).

FINANCIAL HIGHLIGHTS

- ★ The West Feliciana Parish School Board's assets exceeded its liabilities at the close of fiscal year 2005 by \$16,891,287.
- ★ Revenues exceeded expenses by \$1,605,157 at the end of the year.
- ★ State MFP funds increased by approximately \$234,000 from prior year due to growth in the number of students.
- ★ Principal payments on bonds totaled \$960,000 during the fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The following graphic illustrates the minimum requirements for Special Purpose Governments Engaged in Business-Type Activities established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments.

WEST FELICIANA PARISH SCHOOL BOARD
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2005

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements), and required supplementary information.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the School Board's finances, in a manner similar to private sector business.

The *statement of net assets* presents information on all of the School Board's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the school Board is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods. (e.g., uncollected taxes and earned by unused sick leave).

Both of the government-wide financial statements present functions of the School Board that are principally supported by taxes and intergovernmental revenues (governmental activities). The School Board has no functions or activities which are business-like in nature, meaning that they are primarily supported by user fees and charges for services, such as a municipally owned utility system. The governmental activities of the School Board include regular and special education programs, support services, administration, maintenance, student transportation, and school food services. The school Board contains no other units of government (component units) nor is it contained as a component unit of any other level of local or state government.

Fund financial statements. A *fund* is grouping of related accounts that are used to maintain control over the resources that have been segregated for specific activities or objectives. The School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the School Board can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near term inflows and outflows of spendable resources*, as well as on *balances of spendable resources available* at the end of the fiscal year. Such information may be useful in evaluating a government's near term financial requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long term impact of the School Board's near-term financing decisions. Both the governmental fund balance

WEST FELICIANA PARISH SCHOOL BOARD
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2005

and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School Board maintains dozens of individual governmental funds. Information is presented separately in the government fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Parishwide Sinking Fund, and the Construction Fund, all of which are considered major funds. The remaining funds are combined into a single, aggregated presentation under the label of other governmental funds, which contains all non-major funds. Individual fund data for each of these non-major funds is provided in the form of combining statements elsewhere in this report.

The School Board adopts annual appropriated budgets for the General Fund and Special Revenue Funds. Budgets were not adopted for Capital Projects Funds and Debt Service Funds. As such, a budget to actual was not prepared for the Parishwide Sinking and the Construction Fund although they were classified as major funds.

Fiduciary funds. Fiduciary Funds are used to account for resources held for the benefit of outside parties such as students. Fiduciary funds are not reflected in the government-wide financial statements because of the resources of those funds are not available to support the School Board's programs. The sole fiduciary fund of the School board is the School Activity Fund, which contains monies belonging to the schools, their students, and clubs and other activities.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

The School Board complies with Generally Accepted Accounting Principles (GAAP). The School Board's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. The following is a summary of the School Board's significant policies.

a. Reporting Entity

The West Feliciana Parish School Board (School Board) was created by Louisiana Revised Statute (LSA-R.S.) 17:51 for the purpose of providing public education for the residents of West Feliciana Parish. The School Board is authorized by LSA-R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the State of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is authorized to establish public schools as it deems necessary, to provide adequate school facilities for the children of the parish, to determine the number of teachers to be employed, and to determine local supplement to their salaries. The School Board is currently comprised of 7 members who are elected from 7 districts for a term of four years.

The School Board operates 5 schools within the parish with a total enrollment of approximately 2,300 pupils. In conjunction with the regular educational programs, some of these schools offer special education and/or adult education programs. Additionally, the School Board provides transportation and school food services for the students.

GASB Statement 14 establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the School Board is considered a *primary government*, since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement 14, fiscally independent means that the School Board may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The School Board also has no *component units*, defined by GASB Statement 14 as other legally separate organizations for which the elected School Board members are financially accountable. There are no other primary governments with which the School Board has a significant relationship. Certain units of local government, over which the School Board exercises no oversight responsibility, such as the parish police jury, other independently elected parish officials, and municipalities within the parish, are excluded from the financial statements. These units of government are considered separate reporting entities and issue financial statements separate from that of the School Board. The School Board is not a component unit of any other entity.

b. Fund Accounting

The financial transactions of the School Board are recorded in individual funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate.

WEST FELICIANA PARISH SCHOOL BOARD
ST. FRANCISVILLE, LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS

1. **Summary of Significant Accounting Policies** (continued)

b. **Fund Accounting** (continued)

Revenues are accounted for in these individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds presented in the financial statements are described as follows:

Governmental Fund Types:

Governmental funds are those through which most governmental functions of the School Board are financed. The acquisition, use and balances of the School Board's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the School Board's governmental fund types:

General Fund - The General Fund is the general operating fund of the School Board. It accounts for all financial resources except those required to be accounted for in other funds.

Special Revenue Funds - Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. These funds account for the revenues and expenditures related to federal and state grant and entitlement programs established for various educational objectives.

Debt Service Fund - The Debt Service Fund, established to meet requirements of bond ordinances, is used to account for the accumulation of resources for and the payment of general long-term debt principal, interest, and related costs.

Capital Projects Fund - The Capital Projects Fund was established to account for capital improvements, including construction of new facilities and renovations.

Fiduciary Fund Type - Agency Funds:

Fiduciary funds are used to account for assets held by the School Board in a trustee or agency capacity. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results or operations.

Proprietary Fund Type - Group Insurance Internal Service Fund

Proprietary funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental funds in that their focus is on income measurement, which, together with the maintenance of equity, is an important financial indicator. The School Board has one proprietary fund, which is an internal service fund. The internal service fund accounts for the financing of the School Board's employee benefits plan provided to participating employees on a cost reimbursement basis.

WEST FELICIANA PARISH SCHOOL BOARD
ST. FRANCISVILLE, LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

c. Basis of Accounting

The School Board's Basic Financial Statements consist of the government-wide statements on all of the non-fiduciary funds activities and fund financial statements (individual major fund and combined non-major fund). The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units. Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide financial statements and the propriety fund financial statements to the extent that those standards do not conflict or contradict guidance of the GASB.

d. Measurement Focus/Basis of Accounting

Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the reporting government as a whole. These statements include all the financial activities of the school board, except for the Fiduciary Fund. The Fiduciary Fund is only reported in the Statement of Net Fiduciary Assets at the Fund Financial Statement level.

The GWFS were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from the exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB No. 33, *Accounting and Reporting for Nonexchange transactions*.

Program Revenues

Program revenues included in the Statement of Activities are derived directly from parties outside of the school board's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the school board's general revenues.

Allocation of Indirect Expenses

The school board reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable by function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense which can be specifically identified by function is included in the direct expenses of each function. Depreciation on the buildings is assigned to the general administration function due to the fact that school buildings serve multiple purposes. Interest on long term debt is considered an indirect expense and is reported separately on the Statement of Activities.

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

d. Measurement Focus/Basis of Accounting (continued)

Fund Financial Statements

Governmental Funds

The accounting and financial reporting treatments applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Governmental Funds are accounted for on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become measurable and available to pay current period liabilities. Such revenue items are ad valorem taxes, sales taxes and state and federal entitlements. Sales and use taxes and ad valorem taxes are considered "available" when expected to be collected within the next two months. Revenue from state and federal grants is recorded when the reimbursable expenditures have been incurred.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Costs of accumulated unpaid vacation, sick leave and other employee benefit amounts are reported in the period due and payable rather than the period earned by employees and general long-term obligations principal and interest payments are recognized only when due.

e. Budget and Budgetary Accounting

The proposed budgets for fiscal year 2005 were completed and made available for public inspection at the School Board office. A public hearing was held for suggestions and comments from taxpayers. The proposed fiscal year 2005 budgets were formally adopted by the School Board after the public hearing. The budgets, which included proposed expenditures and the means of financing them, for the General and Special Revenue Funds, were published in the official journal ten days prior to the public hearings.

The budgets for the General and Special Revenue Funds were prepared on the modified accrual basis of accounting. Formal budgetary integration is used during the year as a management control device. Any part of appropriations which is not expended is reappropriated in the next year. Current year transactions which are directly related to prior year's budget are reappropriated in the current year.

The School Board is authorized to transfer amounts between line items within any fund. When actual revenues within a fund are failing to meet estimated annual budgeted revenues by five percent or more, and/or actual expenditures within a fund are exceeding estimated budgeted expenditures by five percent or more, a budget amendment to reflect such changes is adopted by the School Board in an open meeting. Budgeted amounts included in the financial statements include the original adopted budget and all subsequent amendments.

WEST FELICIANA PARISH SCHOOL BOARD
ST. FRANCISVILLE, LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

f. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded, is employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year end are reported as reservations of fund balance since they do not constitute expenditures or liabilities.

g. Cash, Cash Equivalents, and Investments

Under state law, the School Board may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The School Board may invest in United States bonds, notes, bills, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

Cash and cash equivalents include cash on hand, cash on deposit, certificates of deposit and money market accounts. These deposits are stated at cost, which approximates market. Under state law, the resulting bank balances of these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent.

h. Federal Grants Receivable

Federal grants receivable consists of receivables for reimbursement of expenditures under various federal programs and grants. All amounts are expected to be collected within the next twelve months.

i. Inventory

Inventory of the School Lunch Special Revenue Fund consists of food purchased by the School Board and commodities granted by the United States Department of Agriculture through the Louisiana Department of Education. The commodities are recorded as revenues and expenses when consumed. All inventory items purchased are valued at the lower of cost (first-in, first-out) or market, and donated commodities are assigned values based on information provided by the United States Department of Agriculture.

j. Capital Assets

Capital assets are capitalized at historical cost, or estimated historical cost for assets where the actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair value at the date of the donation. The system for the accumulation of fixed asset cost data does not provide the means for determining the percentage of assets valued at actual and those valued at estimated cost.

Capital assets are recorded in the GWFS, but are not recorded in the FFS. All capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the school board, no salvage value is taken into

consideration for depreciation purposes. Useful lives are approximately 40 years for buildings and 3 to 20 years for equipment.

The School Board does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Amounts expended for such items prior to June 30, 2001 were considered to be part of the cost of buildings or other immovable property such as stadiums. In the future, if such items are built or constructed, and appear to be material in cost compared to all capital assets, they will be capitalized and depreciated over their estimated useful lives as with all other capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

k. Compensated Absences

All 12-month employees earn from 10 to 20 days of vacation leave each year, depending on length of service with the School Board. Vacation leave may be accumulated up to 40 days, the School Board will pay up to 40 days of unused vacation upon separation. The remaining balance is forfeited.

All school board employees earn 10 to 12 days of sick leave each year depending on the number of months employed within a year. Sick leave may be accumulated without limitation. Upon death or retirement, a maximum of 25 days of unused sick leave is paid to the employee or designated heir at the employee's current rate of pay. Under the Louisiana Teacher's Retirement System, the unused sick leave is used in the retirement benefit computation as earned service. Under the Louisiana School Employees Retirement System, all unpaid sick leave, which excludes the 25 days paid, is used in the retirement benefit computation as earned service.

Any employee with a teaching certificate is entitled, subject to approval by the School Board, to one semester of sabbatical leave after three years of continuous service or two semesters of sabbatical leave after six or more years of continuous service. Leave may be granted for rest and recuperation and professional and cultural improvement.

The cost of compensated absence privileges is recognized as a current year expenditure in the General Fund when leave is actually taken, or when employees or their heirs are paid for accrued leave upon retirement or death, while the cost of leave privileges not requiring current resources is recorded in the general long-term debt account group.

1. Sales, Use and Property Taxes

The West Feliciana Parish School Board receives a two percent sales tax dedicated for salaries and related benefits, payment of principal and interest on any bonds issued by the School Board and for maintaining and operating the public schools within the Parish.

WEST FELICIANA PARISH SCHOOL BOARD
ST. FRANCISVILLE, LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

1. Sales, Use and Property Taxes (continued)

Also, the School Board is authorized to collect a one percent sales and use tax levied by the West Feliciana Parish Police Jury and the Town of St. Francisville for all sales within the incorporated area of the Town of St. Francisville. The School Board is authorized to collect a two percent sales and use tax levied by the West Feliciana Parish Police Jury for all sales outside the incorporated area of the Town of St. Francisville.

Ad valorem taxes are collected by the West Feliciana Parish Tax Collector's Office and remitted to the School Board on a monthly basis. Values are established by the West Feliciana Parish Assessor's Office each year.

Ad valorem taxes are assessed and levied on a calendar year basis, based on the assessed value on January 1 of the assessment year. However, before taxes can be levied, the tax rolls must be submitted to the State Tax Commission for approval. Taxes are due and payable by November 15. An enforceable lien attaches on the property as of November 15. As of December 31, taxes become delinquent and interest and penalty accrue. Taxes are generally collected in January, February and March of the fiscal year.

m. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities to the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

n. Interfund transactions

During the course of normal operations, the School Board has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets and service debt. The accompanying financial statements generally reflect such transactions as operating transfers.

2. Ad Valorem Taxes

The following is a summary of authorized and levied parishwide ad valorem taxes collected during the fiscal year ended June 30, 2005:

	<u>Authorized Millage</u>	<u>Levied Millage</u>
Constitutional	4.46	4.46

NOTES TO THE FINANCIAL STATEMENTS

3. Equity In Pooled Cash, Deposits and Investments

A. Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the School System's deposits may not be returned to them. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. As of June 30, 2005, \$2,084,421 of the Board's bank balance was not exposed to custodial credit risk.

Securities that may be pledged as collateral consists of obligations of the U.S. Government and its agencies, obligations of the State of Louisiana and its municipalities and school districts.

B. Investments

The School System adopted Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures*, during the fiscal year ended June 30, 2005. As of June 30, 2005, the Board had the following investments and maturities:

NOTES TO THE FINANCIAL STATEMENTS

Interest Rate Risk- The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk- Under Louisiana R.S. 33:2955, as amended, the School System may invest in obligation of the U.S. Treasury, U.S. Agencies and instrumentalities, repurchase agreements, certificates of deposits, Louisiana Asset Management Pool (LAMP), and other investments as provided in the statute. The Board has no investment policy that would further limit its investment choices.

Concentration of Credit Risk- The Board places no limit on the amount the Board may invest in one issuer. More than 5 percent of the Board's investments are in Federal Home Loan Bank, Federal National Mortgage Association, U.S. Treasury Notes, and Money Market Fund. These investments are 34.7%, 16.3%, 5.5%, and 19%, respectively.

3. Cash and Investments

At year end, the carrying amount of the School Board's deposits was \$1,074,803 and the bank balance was \$2,084,421. Of the bank balance, \$200,000 was secured by federal depository insurance, \$1,884,421 was secured by collateral held by the pledging bank's agent in the Board's name (GASB Category 2).

6. Long-term Debt

The following is a summary of the changes in general long-term debt for the year ended June 30, 2005:

	<u>Balance</u> <u>6-30-04</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>6-30-05</u>
General Obligation Bonds	\$ 11,648,160	-	(960,000)	\$ 10,688,160
Compensated Absences	<u>953,666</u>	<u>225,523</u>	<u>(254,754)</u>	<u>924,435</u>
Total	<u>\$ 12,601,826</u>	<u>\$ 225,523</u>	<u>(\$ 1,214,754)</u>	<u>\$ 11,612,595</u>

A schedule of the individual issues outstanding as of June 30, 2005 is as follows:

<u>Bond Issue</u>	<u>Original</u> <u>Issue</u>	<u>Interest</u> <u>Rate</u>	<u>Final</u> <u>Payment</u> <u>Due</u>	<u>Interest to</u> <u>Maturity</u>	<u>Principal</u> <u>Outstanding</u>
School District No. 1:	July 1, 1997	4.75% - 8.00%	April 1, 2012	<u>\$ 1,174,438</u>	<u>\$ 5,860,000</u>

NOTES TO THE FINANCIAL STATEMENTS

6. General Long-term Debt (continued)

In accordance with Louisiana Revised Statute 39:562, the School Board is legally restricted from incurring long-term bonded debt in excess of 25 percent of the net assessed value of taxable property. At June 30, 2005, the net assessed value of taxable property for the parish was \$280,109,737, which would result in a \$70,027,434 long-term bonded debt limit.

7. Retirement Systems

Substantially all employees of the School Board are members of two statewide retirement systems. In general, professional employees (such as teachers and principals) and lunchroom workers are members of the Teachers' Retirement System of Louisiana; other employees, such as custodial personnel and bus drivers, are members of the Louisiana School Employees' Retirement System. These systems are cost-sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees. Pertinent information relative to each plan follows:

A. Teachers' Retirement System of Louisiana (TRS)

Plan Description. The TRS consists of three membership plans: Regular Plan, Plan A, and Plan B. The TRS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for the TRS. That report may be obtained by writing to the Teachers' Retirement System of Louisiana, Post Office Box 94123, Baton Rouge, Louisiana 70804-9123, or by calling (225) 925-6446.

Funding Policy. Plan members are required to contribute 8.0 percent, 9.1 percent, and 5.0 percent of their annual covered salary for the Regular Plan, Plan A, and Plan B, respectively. The School Board is required to contribute at an actuarially determined rate. The current rate is 13.8 percent of annual covered payroll for all three membership plans. Member contributions and employer contributions for the TRS are established by state law and rates are established by the Public Retirement Systems' Actuarial Committee. The School Board's employer contribution for the TRS, as provided by state law, is funded by the State of Louisiana through annual appropriations, by deductions from local ad valorem taxes, and by remittances from the School Board.

The School Board's contributions to the TRS for the years ended June 30, 2005, 2004, and 2003, were \$1,979,642, \$1,813,308, and \$1,876,139, respectively, equal to the required contributions for each year.

7. Retirement Systems (continued)

B. Louisiana School Employees' Retirement System (LSERS)

Plan Description. The LSERS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The LSERS issues a publicly available financial report that includes financial statements and required supplementary information for the LSERS. That report may be obtained by writing to the Louisiana School Employees' Retirement System, Post Office Box 44516, Baton Rouge, Louisiana 70804, or by calling (225) 925-6484.

Funding Policy. Plan members are required to contribute 7.5 percent of their annual covered salary and the School Board is required to contribute at an actuarially determined rate. Due to favorable development of the actuarially determined obligation, the School Board was notified by LSERS that no employer contributions were required for the years ended June 30, 2001 and 2002. Member contributions and employer contributions for the LSERS are established by state law and rates are established by the Public Retirement Systems' Actuarial Committee. The School Board's employer contribution for the LSERS is funded by the State of Louisiana through annual appropriations.

The School Board's contribution to the LSERS for the year ending June 30, 2005 was \$162,468.

C. Postretirement Health Care Benefits

The School Board provides certain continuing health care and life insurance benefits for its retired employees. Substantially all of the School Board's employees become eligible for these benefits if they reach normal retirement age while working for the School Board. These benefits for retirees are provided through an insurance company whose monthly premiums are paid jointly by the retirees and by the School Board.

The School Board recognizes the cost of providing these benefits (the School Board's portion of premiums) as an expenditure when the premiums are due. The School Board's cost of providing all health care benefits to the retired employees amounted to \$256,940 for 2005.

8. Changes in Agency Deposits Due Others

A summary of changes in agency fund deposits due others are as follows:

	<u>Balance beginning of year</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance end of year</u>
School Activity Agency Fund	\$ 217,278	\$ 773,829	(\$ 745,080)	\$ 246,027

9. Risk Management

The School Board has established the Group Insurance Internal Service Fund to account for the program of medical benefits co- provided by West Feliciana Parish School Board Employee Benefits Plan and Trust and Blue Cross Blue Shield of Louisiana, who also serves as the Administrator to employees of the School Board and their eligible dependents and beneficiaries participating in the plan. Premiums are paid into the internal service fund by other funds from employee payroll deductions, retired employees, and employer benefits. These premiums are reported as quasi-external interfund transactions. These premiums are remitted to Blue Cross Blue Shield for claims and administration. The policy provides for a lifetime maximum liability of \$2,000,000 per covered participant.

In addition, to the premiums mentioned above, the internal service fund is also liable for 25 percent of the annual cumulative policy deficit, if one exists.

On July 1, 2003, the School Board entered into a self-insured policy agreement. The activity will be recorded in the Internal Service Fund.

The School Board became self insured for workers compensation during the year ended June 30, 2003. A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount is reasonable estimable.

Unpaid claims at July 1, 2004	\$ 29,326
Incurred claims	88,264
Payments	<u>70,395</u>
Unpaid claims at June 30, 2005	<u>\$47,195</u>

10. Litigation and Claims

The School Board is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Board's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the government.

NON-MAJOR FUND DESCRIPTIONS

Title IV

The Title IV School Program is a federally funded program which provides drug abuse and prevention education for all students.

Title I

Title I includes programs primarily in the areas of reading and math. These programs strive to meet the special needs of economically and educationally deprived children through federal funding for teachers, aids, instructional materials, equipment and parental involvement.

Title V

The Title V program is a federally funded program which provides funding for comprehensive systematic school reform, upgrade of instructional and professional development, strengthening of accountability, and promoting the coordination of resources to improve education for all children.

Even Start

Even Start is a Family Life - Long Learning Program which is funded primarily through federal grants; however, local matching funds are also used. The goal of Even Start as a family literacy program is to break the cycle of under education and poverty by helping families to help themselves.

Special Education

IDEA B (Individuals with Disabilities Educational Act - Part B) is a federally funded program designed to assist states in providing free, appropriate education to all handicapped children from 3 to 21 years of age in the least restrictive environment.

Head Start

The objectives of the Head Start Program are to provide comprehensive health, educational, nutritional, social and other services primarily to economically disadvantaged preschool children so that the children will attain overall social competence. Parents also participate in various decision-making processes related to the operation of the program.

Education for Economic Security Act - Title II

Education for Economic Security Act - Title II is a federally funded program to provide financial assistance to improve the skills of teaching and instruction in mathematics, science, computer learning, and foreign languages; and increase the access of all students to this instruction.

NON-MAJOR FUND DESCRIPTIONS

Capital Area Human Services

Capital Area Human Services is a federally funded program that provides prevention services to junior high students participating in the Early Secondary Intervention Program.

Adult Education

Adult Education programs offer higher education opportunities to persons who are age 16 or older.

Vocational Education (Carl Perkins)

Vocational Education is a federally funded program restricted to expenditures for salaries, supplies, and equipment to be used in vocational education programs.

Medicaid

This fund accounts for the activity related to the providing of health care services to Medicaid eligible children.

Homeless

The Homeless program, established under the Stewart B. McKinney Act, provides assistance to students who meet the definition of homeless in the form of tutoring, supplies and transportation.

8g Programs

These funds account for grants provided by the State Board of Elementary and Secondary Education to create programs which enhance or build upon regular classroom instruction.

REAP

The Rural Education Achievement Program is a federally funded program. The purpose of this program is to provide funds for any of the following programs: 1) teacher recruitment and retention, 2) teacher professional development, 3) educational technology, and 4) parental involvement activities.

Workers' Comp

This fund accounts for the School Board's worker's compensation insurance.

Pre-GED

Pre-GED funding is used to provide Pre-GED students materials, supplies and funding for teachers.

Enhancing Education

This fund accounts for the enhancing education grant proceeds.

Summer Feeding

The summer food service fund is used to account for the operations of the summer food service program in the school system during the summer break. This program was established to ensure the availability of high-quality meals during the summer months.

School Food Service Fund

The School Food Service Fund includes lunch and breakfast and is used to account for the operations of the school food service programs in the parish school system during the regular school term. The basic goals of the school food service programs are to serve nutritionally adequate, attractive and moderately priced meals, to help children grow socially and emotionally, to extend educational influences to the homes of school children, and to provide learning experiences that will improve children's food habits with the ultimate goal of physically fit adults.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

West Feliciana Parish School Board
St. Francisville, Louisiana

We have audited the financial statements of the West Feliciana Parish School Board as of and for the year ended June 30, 2005, and have issued our report thereon dated December 6, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the West Feliciana Parish School Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the West Feliciana Parish School Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of the School Board, and management and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

West Feliciana Parish School Board
St. Francisville, Louisiana

Compliance

We have audited the compliance of the West Feliciana Parish School Board with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005. The West Feliciana Parish School Board's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the West Feliciana Parish School Board's management. Our responsibility is to express an opinion on the West Feliciana Parish School Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the West Feliciana Parish School Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the West Feliciana Parish School Board's compliance with those requirements.

In our opinion, the West Feliciana Parish School Board complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of the West Feliciana Parish School Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the West Feliciana Parish School Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the West Feliciana Parish School Board as of and for the year ended June 30, 2005, and have issued our report thereon dated December 6, 2005. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended for the information and use of the School Board, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**Independent Accountant's Report
On Applying Agreed-Upon Procedures**

To the Members of the
West Feliciana Parish School Board

Page 1 of 4

We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by the management of West Feliciana Parish School Board and the Legislative Auditor, State of Louisiana, solely to assist users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of West Feliciana Parish School Board and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (BESE) Bulletin. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings relate to the accompanying schedules of supplemental information and are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule A)

Procedure #1:

We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following amounts reported on the schedule:

- Total General Fund Instructional Expenditures,
- Total General Fund Equipment Expenditures,
- Total Local Taxation Revenue,
- Total Local Earnings on Investment in Real Property,
- Total State Revenue in Lieu of Taxes,
- Nonpublic Textbook Revenue, and
- Nonpublic Transportation Revenue.

Results of procedure # 1:

In performing the testing on the sample of expenditures/revenues, we noted no transactions that were inappropriately classified or were recorded at an inappropriate amount.

Education Levels of Public School Staff (Schedule B)

Procedure # 2

We reconciled the total number of full-time classroom teachers per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule D) to the combined total number of full-time classroom teachers per this schedule and to school board supporting payroll records as of October 1st.

Results of Procedure # 2:

No differences were noted between the number of full-time classroom teachers per schedule 4 and schedule 2, or between the schedules and the Oct. 1 payroll records.

Procedure # 3

We reconciled the combined total of principals and assistant principals per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule D) to the combined total of principals and assistant principals per this schedule.

Results of procedure # 3

No differences were noted between the number of principals and assistant principals per schedule D and schedule B, or between the schedules and the Oct. 1 payroll records.

Procedure # 4

We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1st and as reported on the schedule. We traced a random sample of 25 teachers to the individual's personnel file and determine if the individual's education level was properly classified on the schedule.

Results of Procedure # 4:

In our sample of 25 employees, no discrepancies existed between the aforementioned listing and the schedule.

Number and Type of Public Schools (Schedule C)

Procedure # 5

We obtained a list of schools by type as reported on the schedule. We compared the list to the schools and grade levels as reported on the National School Lunch Program (CFDA 10.555) application.

Results of Procedure # 5:

We noted no discrepancies between the schools as listed in the National School Lunch Program application and the list supporting the schools represented in the schedule.

Experience of Public Principals and Full-time Classroom Teachers (Schedule D)

Procedure #6

We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1 and as reported on the schedule and traced the same sample used in procedure 4 to the individual's personnel file and determined if the individual's experience was properly classified on the schedule.

Results of Procedure # 6:

In our sample of 25 employees, no discrepancies existed between the aforementioned listing and the schedule.

Public Staff Data (Schedule E)

Procedure # 7

We obtained a list of all classroom teachers including their base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalent as reported on the schedule and traced a random sample of 25 teachers to the individual's personnel file and determined if the individual's salary, extra compensation, and full-time equivalents were properly included on the schedule.

Results of procedure # 7:

In our sample of 25, we noted reasonableness between the level of compensation that would be appropriate for the education and experience level per the district wide salary schedule and the amount actually paid per the aforementioned listing. Note that reasonableness is considered because the actual pay that was used in the computation of the average and the annual salary the salary schedule may be different due to docs in pay or other factors.

Procedure # 8

We recalculated the average salaries and full-time equivalents reported in the schedule.

Results of procedure # 8:

We noted no differences in the averages reported on the schedule and our calculations.

Class Size Characteristics (Schedule F)

Procedure # 9

We obtained a list of teachers and the classes that they teach with the class size and reconciled that list to the total classes for each class size category as reported on the schedule. We then traced a random sample of 10 classes to the October 1st roll books for those classes and determined if the class was properly classified on the schedule.

Results of Procedure # 9

Page 4 of 4

In our sample of 10 classes, no discrepancies existed between the aforementioned listing and the schedule.

Louisiana Educational Assessment Program (LEAP) for the 21st Century (Schedule G)

Procedure # 10

We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by the West Feliciana Parish School Board.

Results of Procedure # 10:

No differences were noted.

The Graduation Exit Exam for the 21st Century (Schedule H)

Procedure # 11

We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by the West Feliciana Parish School Board.

Results of Procedure #11

No differences were noted.

The Iowa Tests (Schedule I)

Procedure # 12

We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by the West Feliciana Parish School Board.

Results of Procedure # 12

No differences were noted.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of West Feliciana Parish School Board, the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Note: Figures reported include all sources of funding (i.e., federal, state, and local) but exclude employee benefits. Generally, retired teachers rehired to teach receive less compensation than non-retired teachers and ROTC teachers receive more compensation because of a federal supplement. Therefore, these teachers are excluded from the computation in the last column. This schedule excludes day-to-day substitutes and temporary employees.
